15.Multidisciplinary / interdisciplinary					
To change the mindset of youngsters and make them realize the					

power of the Indian education system, authorities have seriously taken great efforts to introduce multidisciplinary education in the college.

With multidisciplinary education in colleges, students get a right to choose their favorite subject, the subject that they want to learn. Subjects that can add some value to their knowledge.

Multi-disciplinary education allows the students to understand the power of new ideas.

It helps them develop a pragmatic attitude by allowing them to decide what subjects they will opt for and what could be their possible benefits. They get time to make a decision by calculating the risks & advantages. Thus, a multi-disciplinary program brings pragmatism and flexibility to the table.

Soon the college will adopt NEP for the session 2022-2023.

CURRICULAR ASPECTS

1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

The Curricula of the institution is designed and formulated to meet the societal and Industrial challenges and the emerging trends. To fulfill this, the institute has taken major steps by reforming and reframing its curricula and also incorporating skill-based programmes. The local needs can be understood at two levels: 1) geographical, for example, city/town surrounding, and 2) language. Since the college offers all its programmes is to develop the course/subject material which has relevance to the national and global developmental needs.

The POs carry components from contribution to the existing body of knowledge to the acquisition of general graduate skills; for example, For PG programmes, the PO generally are mastery of the subject knowledge, learning teaching skills, preparation for higher studies and so on, and for UG programmes, PO can be understanding the course/subject concepts, learning effective communication skills, and preparation for higher studies.

GBGPGC provide an opportunity to the students to acquire computer knowledge by courses like PGDCA, BCA, B.Sc Computer, B.Com Computer etc. Clinical Nutrition, Food and Quality Control are unique elective combinations where students can study nutrition.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

GBGPGC incorporates multitude of learning experiences through acquisition of skills and knowledge that results in critical thinking, creativity and scientific temper among the students and transform them into life-long learners and innovators.

Each programme offers at least one course that integrates issues related to either gender, or environment, or human values or professional ethics. Since, one of the objects is to focus on women education, integrating gender issues in the curriculum has been its top priority.

In UG programmes, course on 'Environmental Studies' is integrated, focusing mainly on the topics environment protection, development of the mechanism to control air pollution, water pollution, soil pollution, noise pollution, thermal pollution and solid waste management etc. GBGPGC itself is involved in rain water harvesting, making the campus green by continuous plantations, waste management, using solar energy and so on, the students witness the hand on experiences in environment conservation practices and understand sustainability efforts.

The courses offered by the department of Commerce covers Principles of Management, Quality management, Corporate Governance and Business Ethics. Department of Political Science, Sociology, offers courses on 'human rights', Man and Society which provide in depth study, that deals with human values.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

Our main goal is the intellectual and all-round development of the girl students. Most of the Students are from rural background, so keeping in mind their environment and mental level, a conducive environment has been created for slow learner and advance learner at the college level. The advanced learners are identified by their academic performance and achievements. Special guidance and consultations are given to the advanced

learners to secure high percentage of marks in Semester examination. They are prepared for various competitive examinations by providing skills through question stage, speech, debates, co-learning, group discussion, project seminar etc. and are also motivated to get enrolled in certification courses.

Slow learners are identified and earmarked based on their poor academic performance in the continuous internal assessment tests and classroom interactions. Faculty members constantly monitor and work on enhancing the performance of weak students by regular counseling and providing moral support to them and encouraging them towards study through peer tutoring. Remedial classes and doubt clear classes are arranged for backlog subjects if needed.

2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

During pandemic covid 19 when online mode was left the only platform to communicate with the students, teachers left no stone unturned in using various video conferencing tools to reach out students and make education available at their door step. Teachers used online applications like Google meet, zoom cloud meet, teach mint, Microsoft Teams, Webex, Go to Meeting, Blackboard, YouTube streaming etc to deliver lectures, assignments, study materials and also for conducting tests.

Institute provides all possible support;

Fully Wi-Fi campus

Video lectures recording room

Smart board & interactive projectors enabled Smart classrooms.

Open access library

Computer labs and Nodal centres, audio-visual language labs, seminar room

Apart from taking regular classes teachers were also engaged in delivering lectures in Govt. HECG portal designed and developed only for Government Degree Colleges of Chhattisgarh State. by Dept. of higher education, more than 150 lectures were delivered in a month by our teachers. Teachers of the institution also bring out the latest lecture series through their own YouTube channel.

A separate video lecture portal is available in college website in which all teachers upload their lectures and study materials, students can access it anytime semester wise, paper wise or teacher wise.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

The college has stated graduate attributes and learning objectives.

To attain these attributes Programme outcomes (POs), Programme specific outcomes (PSOs) for all academic programmes are stated by

the Institute as per guidelines of NAAC.

Following attributes are included in the POs.

Knowledge outcomes

Skill outcomes

Values outcomes

POs and PSOs are designed to ensure complete and comprehensive

learning about the program and courses as these are critical for the

successful career of the student.

The course outcomes identify the minimum achievement required for success in

the course. They are based on the principles of Knowledge, Comprehension Application, Analysis, Synthesis, and Evaluation.

For each programme, PO/PSO and CO are designed through the following

process steps:

1) Head of department (HOD) consulted faculty and prepared the draft

version of the PSO and POs with the help of teachers, which are in

line with Graduate Attributes and Vision, Mission of the Institute

and department.

2) Views of alumni, employers are taken by head and teachers. HOD

and department faculty analysed and expressed their opinion on the

revised PSOs and POs.

3) The process was continuously monitored by Outcome Based Education

Committee and finally were approved by IQAC

2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

The learning outcomes are ensured using assessment methods. The assessment methods are internal examination, external examination, seminar, mini project and major project evaluation, assignments and laboratory evaluation.

We offer Undergraduate, Postgraduate and Research

programs and courses under the Faculty of Science Arts, Commerce

and

Science. The Programme outcomes, and course outcomes are evaluated by the institution by direct and indirect methods and considered Formative evaluation and summative

evaluation.

Course outcomes are attained through direct and indirect methods.

Direct Attainment: We consider the following criteria in the direct attainment. Internal tests are conducted based on COs.

1. Class performance activities consisting of CIE/Formative assessment Like assignments / tutorials/experiments/quiz/any other activity related to COs is conducted.

2. A common format of programmed excel sheet is used for finding the average attainment of Cos.

SCIENCE AND COMMERCE

For measure PO in direct method a CO/PO matrix is used to measure

PO. The CO are linked to the PO using the CO vs PO matrix as stated

in Course.

Indirect Method Calculation

This method is purely survey oriented, So the calculations are based

on data and surveys collected from the following

Current Passing out students

Stakeholders

Alumni

Survey from placement officers

3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

Innovative ideas are emanating from the minds of students as well as teachers. These contemplations need a conducive environment to take a concrete shape, to nurture up and to be fruitful. Institute has recognized this basic philosophy. Under this scheme, the teachers write research proposals seeking seed

money to shape their innovative ideas. Teachers are also encouraged to write research proposals seeking research funds from various government agencies. The laboratories of the departments are well equipped and they can sustain shaping of innovative ideas and budgetary allocations for equipment, consumables and meeting special needs of research are provided.

The institute has recognized its ten departments for doctoral research. Here the faculty registers for Ph D and thus the research and innovations are promoted. There are 19 number of faculty members recognized for guiding Ph D in the institute. The faculty & students are encouraged to take up research & developmental activities by utilizing the existing resources. Thus, the research facilities for the indigenous faculties are readily available.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

VISION

"Saa Vidya Yaa Vimuktaye" (Vishnu Puran 1.19.41)

Knowledge is that which liberates

The vision and mission of the institution is to evolve through collective leadership into a centre of academic excellence which while retaining its regional roots is able to encompass and articulate global concerns and the wider social imperatives. It seeks to achieve a wholesome synergy between academic practices, social empathy, cultural proclivities and cocurricular responsibilities so that all stakeholders may benefit and students particularly, may develop to their fullest potential. The Institution follows a democratic and participatory mode of

governance with all stakeholders participating actively in its administration. Every faculty members play an important role in implementing the vision and mission of the college and to that end play a proactive part in the decision making process.

Administration plays a pivotal role in the entire development of the institution. Institution firmly believes to provide quality education to the learners of this region. The college administration puts in very sincere role in the implication of policies, programs and initiatives associated with vision and mission of college. The administration ensures smooth functioning in all areas like admission, account, finance, record keeping, examination, evaluation and supervision and maintenance.

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

We all are amid an extraordinary situation emerging out of the global pandemic and the consequent lockdown. With thisprecedented lockdown everything has come down to an abrupt halt and the academic world is not an exception. In this type of situation e-learning has emerged as the most effective option-both for the students/teachers as well as college management.

Teaching is being given prominence through Smart Board based ICT along with conventional teaching method. Due to COVID situation various platforms like Google meet, Zoom, Jiomeet, etc were given preferences by the the faculty members. Numerous video lectures were uploaded for theoretical and practical studies. WEBINARS, E-Quiz, etc.were organised by the departments to motivate the students and teachers.

College library has been associated with INFLIBNET to link the library with global refernces. Computerization of the library has been completed. Reading room has been arranged. Six new programmes has been started under Self-Finance Scheme. Number of seats (5 more) in each increased for the Program M.Sc.Botany and M.Sc.FN . Two well equipped computer lab was constructed, LCD projector was installed in the conference room.

7.2 - Best Practices

7.2.1 - Provide the weblink on the Institutional website regarding the Best practices as per the prescribed format of NAAC

Best Practice: Title of the Practice: Adoption of new Techniques and Pedagogical methods for smooth conduct of curriculum.

Objective of the Practice: To modernize and integrate Education processes and systems and to provide better services to faculty, students, and staff, Excel performance of students.

The Context: Considering the pandemic situation for smooth functioning of academic's institute started conducting online classes on Google platform and HECG portal for students which has lectures recording facility helping to access whenever and wherever.

The Practice: User id & password is distributed in Whats-app group of students. Notification for the lectures is reflected in the group. Assignments, Sessional exams, Quizzes, Notes, e-contents, e-books can be uploaded in the group. Exam can be scheduled at respective date and time with locking mechanism.

Evidence of success: Smooth functioning of the academics was achieved on this platform. Each and every record of examination is maintained online that can be easily accessed by students and teachers acting as online repository. Webinars, Guest lectures can be conducted on this platform.

Problems encountered and Resources required: Due to poor network issues there is difficulty to retain attention and good strength during online classes. It is challenge for teachers to retain attention and keep the students engaged. Resources required are good network connectivity.

7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

We believe that college life is not all about academics, games, friends, and fun. It is also about learning to interact with other people, being aware of social, environmental and gender issues, and inequities in the society. We provide an opportunity to every student to contribute to make the society in which they live a better place and to grow as better individuals.

The NCC and NSS unit plans activities like tree plantation and field visits to expose the students to the pressing issues in our society. They are taken on field visits and encouraged to participate in competitions dealing with environmental issues. As a special thrust, societal development is also instilled on a large scale into the students through the active NCC and NSS unit which undertakes various services to inculcate social values. Throughout the year, the NCC and NSS unit undertakes a plethora of events ranging from street plays, cleanliness drives, tree plantation drives, donation drives, waste management drives, gender equity, field visits and many more.

In addition, many students also come up with ideas to contribute to society too, and we encourage them to go forward by supporting them in executing the ideas.

Part B

CURRICULAR ASPECTS

1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

The Curricula of the institution is designed and formulated to meet the societal and Industrial challenges and the emerging trends. To fulfill this, the institute has taken major steps by reforming and reframing its curricula and also incorporating skill-based programmes. The local needs can be understood at two levels: 1) geographical, for example, city/town surrounding, and 2) language. Since the college offers all its programmes is to develop the course/subject material which has relevance to the national and global developmental needs.

The POs carry components from contribution to the existing body of knowledge to the acquisition of general graduate skills; for example, For PG programmes, the PO generally are mastery of the subject knowledge, learning teaching skills, preparation for higher studies and so on, and for UG programmes, PO can be understanding the course/subject concepts, learning effective communication skills, and preparation for higher studies.

GBGPGC provide an opportunity to the students to acquire computer knowledge by courses like PGDCA, BCA, B.Sc Computer, B.Com Computer etc. Clinical Nutrition, Food and Quality Control are unique elective combinations where students can study nutrition.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

GBGPGC incorporates multitude of learning experiences through acquisition of skills and knowledge that results in critical thinking, creativity and scientific temper among the students and transform them into life-long learners and innovators.

Each programme offers at least one course that integrates issues related to either gender, or environment, or human values or professional ethics. Since, one of the objects is to focus on women education, integrating gender issues in the curriculum has been its top priority.

In UG programmes, course on 'Environmental Studies' is integrated, focusing mainly on the topics environment protection, development of the mechanism to control air pollution, water pollution, soil pollution, noise pollution, thermal pollution and solid waste management etc. GBGPGC itself is involved in rain water harvesting, making the campus green by continuous plantations, waste management, using solar energy and so on, the students witness the hand on experiences in environment conservation practices and understand sustainability efforts.

The courses offered by the department of Commerce covers Principles of Management, Quality management, Corporate Governance and Business Ethics. Department of Political Science, Sociology, offers courses on 'human rights', Man and Society which provide in depth study, that deals with human values.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

Our main goal is the intellectual and all-round development of the girl students. Most of the Students are from rural background, so keeping in mind their environment and mental level, a conducive environment has been created for slow learner and advance learner at the college level. The advanced learners are identified by their academic performance and achievements. Special guidance and consultations are given to the advanced learners to secure high percentage of marks in Semester examination. They are prepared for various competitive examinations by providing skills through question stage, speech, debates, co-learning, group discussion, project seminar etc. and are also motivated to get enrolled in certification courses.

Slow learners are identified and earmarked based on their poor academic performance in the continuous internal assessment tests and classroom interactions. Faculty members constantly monitor and work on enhancing the performance of weak students by regular counseling and providing moral support to them and encouraging them towards study through peer tutoring. Remedial classes and doubt clear classes are arranged for backlog subjects if needed.

we believe in providing participative learning experience to our students. Curriculum of each semester of different programmes focuses on innovative pedagogies to achieve the goal of experiential learning.

Department of home science and psychology organises internship program for students to gain field work experiences.

For linguistic proficiency, Language lab is established by the dept. of English, dept. of Sanskrit organises Drama in Sanskrit language by the students, 'ABHIVYAKTI' is published by dept. of Hindi to facilitate writing skills.

To motivate students for research, research-based survey, lab-work is conducted by dept. of commerce.

Curriculum of geography dept. focuses on 'Lab to Land.'

Botanical garden is maintained by the students of botany dept.

Bird watching activities are done by dept. of zoology.

Soil testing of local areas are done by dept. of chemistry.

Lectures of academicians are organised by almost all depts for the students.

Field trips, educational tour, industrial visits are organised to develop the skill of critical thinking among the students.

In order to make learning more student centric and to enhance the knowledge and creativity of the student's quiz, PowerPoint presentations in seminars, project work, peer teaching, group discussion, assignments, poster making,

slogan competition etc are conducted.

2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

During pandemic covid 19 when online mode was left the only platform to communicate with the students, teachers left no stone unturned in using various video conferencing tools to reach out students and make education available at their door step. Teachers used online applications like Google meet, zoom cloud meet, teach mint, Microsoft Teams, Webex, Go to Meeting, Blackboard, YouTube streaming etc to deliver lectures, assignments, study materials and also for conducting tests.

Institute provides all possible support;

Fully Wi-Fi campus

Video lectures recording room

Smart board & interactive projectors enabled Smart classrooms.

Open access library

Computer labs and Nodal centres, audio-visual language labs, seminar room

Apart from taking regular classes teachers were also engaged in delivering lectures in Govt. HECG portal designed and developed only for Government Degree Colleges of Chhattisgarh State. by Dept. of higher education, more than 150 lectures were delivered in a month by our teachers. Teachers of the institution also bring out the latest lecture series through their own YouTube channel.

A separate video lecture portal is available in college website in which all teachers upload their lectures and study

materials, students can access it anytime semester wise, paper wise or teacher wise.

2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution

Having the autonomous status, the Institution have freedom in developing its own academic plans and organising the teaching learning and evaluation schedules in the following manner:

Definite process is followed in course determination
Institute develops an academic calendar based on the Academic Calendar issued by the department of higher education, govt. of Chhattisgarh. With the involvement of Principal, COE, HOD's and stakeholders.

. The head of the department, after discussing with other faculty members, prescribes the course and is placed before the BOS for the approval. Courses passed by BOS are given final approval by Academic Council and Governing Body respectively.

It is available in the college website for the view of students, parents and faculty members before the commencement

of the semester. It consists of all the academic activities planned for the semester which includes dates commencement of classwork, dates of internal exams, lab exams and external exams etc.

The academic calendar defines the number of teaching days available according to which timetables are prepared and session examinations are scheduled.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

The college has stated graduate attributes and learning objectives.

To attain these attributes Programme outcomes (POs),
Programme

specific outcomes (PSOs) for all academic programmes are
stated by

the Institute as per guidelines of NAAC.

Following attributes are included in the POs.

Knowledge outcomes

Skill outcomes

Values outcomes

POs and PSOs are designed to ensure complete and
comprehensive

learning about the program and courses as these are critical
for the

successful career of the student.

The course outcomes identify the minimum achievement required
for success in

the course. They are based on the principles of Knowledge,
Comprehension Application, Analysis, Synthesis, and
Evaluation.

For each programme, PO/PSO and CO are designed through the
following

process steps:

1)Head of department (HOD) consulted faculty and prepared the
draft

version of the PSO and POs with the help of teachers, which are in

line with Graduate Attributes and Vision, Mission of the Institute

and department.

2) Views of alumni, employers are taken by head and teachers. HOD

and department faculty analysed and expressed their opinion on the

revised PSOs and POs.

3) The process was continuously monitored by Outcome Based Education

Committee and finally were approved by IQAC

2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

The learning outcomes are ensured using assessment methods. The assessment methods are internal examination, external examination, seminar, mini project and major project evaluation, assignments and laboratory evaluation.

We offer Undergraduate, Postgraduate and Research

programs and courses under the Faculty of Science Arts, Commerce and

Science. The Programme outcomes, and course outcomes are evaluated by the institution by direct and indirect methods

and considered Formative evaluation and summative evaluation.

Course outcomes are attained through direct and indirect methods.

Direct Attainment: We consider the following criteria in the direct attainment. Internal tests are conducted based on COs.

1. Class performance activities consisting of CIE/Formative assessment Like assignments / tutorials/experiments/quiz/any other activity related to COs is conducted.

2. A common format of programmed excel sheet is used for finding the average attainment of Cos.

SCIENCE AND COMMERCE

For measure PO in direct method a CO/PO matrix is used to measure

PO. The CO are linked to the PO using the CO vs PO matrix as stated in Course.

Indirect Method Calculation

This method is purely survey oriented, So the calculations are based

on data and surveys collected from the following

Current Passing out students

Stakeholders

Alumni

Survey from placement officers

3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

Innovative ideas are emanating from the minds of students as well as teachers. These contemplations need a conducive environment to take a concrete shape, to nurture up and to be

fruitful. Institute has recognized this basic philosophy. Under this scheme, the teachers write research proposals seeking seed money to shape their innovative ideas. Teachers are also encouraged to write research proposals seeking research funds from various government agencies. The laboratories of the departments are well equipped and they can sustain shaping of innovative ideas and budgetary allocations for equipment, consumables and meeting special needs of research are provided.

The institute has recognized its ten departments for doctoral research. Here the faculty registers for Ph D and thus the research and innovations are promoted. There are 19 number of faculty members recognized for guiding Ph D in the institute. The faculty & students are encouraged to take up research & developmental activities by utilizing the existing resources. Thus, the research facilities for the indigenous faculties are readily available.

7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

We believe that college life is not all about academics, games, friends, and fun. It is also about learning to interact with other people, being aware of social, environmental and gender issues, and inequities in the society. We provide an opportunity to every student to

contribute to make the society in which they live a better place and to grow as better individuals.

The NCC and NSS unit plans activities like tree plantation and field visits to expose the students to the pressing issues in our society. They are taken on field visits and encouraged to participate in competitions dealing with environmental issues. As a special thrust, societal development is also instilled on a large scale into the students through the active NCC and NSS unit which undertakes various services to inculcate social values. Throughout the year, the NCC and NSS unit undertakes a plethora of events ranging from street plays, cleanliness drives, tree plantation drives, donation drives, waste management drives, gender equity, field visits and many more.

In addition, many students also come up with ideas to contribute to society too, and we encourage them to go forward by supporting them in executing the ideas.
