7 Days Online
Faculty Development Program

**“Recent Research Advances in
Sustainable Development and
Capacity Building”**

February 01-07, 2024

(Accredited with Grade B⁺ by NAAC)

Organised By
Department of Chemistry
Department of Computer Science & IQAC
Government Bilasa Girls P. G. College
Bilaspur (C. G.)

Dear Sir/Madam,

We are honoured to invite you for 7 Days Online Faculty Development Program on “Recent Research Advances in Sustainable Development and Capacity Building” for Faculty Members from HEIs in India to be held on February 01-07, 2024. Your graceful presence is cordially expected on occasion.

About the FDP :

For a successful and satisfying career in academics, continued professional development is the centerpiece. This FDP has been designed for dealing the main idea of up-skilling the faculties to keep pace with the changing demands of the hour. All the faculty members of every field can participate, and improvise their, professional skills and confidence for capacity work. It will surely help for facilitating inter-professional culture and create a constructive effect on their knowledge to obtain an active part in future activities.

The Faculty Development Program aims to improve the faculty's academic and additional skills and make them acquainted with the recent research strategies, resources and assets available. It provides opportunity to learn about recent technological advancements in their related field of interest. This Faculty Development Program will address topics that will improvise our knowledge about need of the hour that is sustainable development and along with that will help us about how we can work about our capacity building. The FDP will be dealing the major issues that we face during our research works like knowledge and info about the technologies and software introduced such as Gaussian, SPSS, plagiarism etc that are presently being employed for improvising our research works. Here we will acquire answers of our 'what's and how's of interdisciplinary research works'. We are going to learn about various research practices that can be applied and along with it, the environmental management techniques for sustainable growth of humans and the environment.

Key Takeaways :

- Knowledge of Gaussian, SPSS, Plagiarism Software
- Idea on Interdisciplinary research work.
- Sustainable Research Methodologies.
- AI tool for capacity building in research.
- Environmental Management Techniques.

About the Institution

The Bilasa Girls Autonomous P. G. College, Bilaspur, the premier institution of Bilaspur district, is established in 1961 and accredited 'B+' grade by NAAC and has been working towards the advancement and promotion of the cause of science and women empowerment as well. The college has been awarded status of college with “Potential of Excellence” in 2010 and again in 2015 by UGC. The prime aim of the college is to provide quality education to girls and to conduct research and training programmes to achieve higher scales of perfection.

Bilaspur is one of the prime cities of Chhattisgarh well connected by air, road, and train routes which is logistically easily accessible for delegates, resource persons, and participants.

Who should participate :

Faculty Members from HEIs in India participate in this 7 Days Online FDP.
